#### Comments

Bank of Baroda (Mauritius) is maintaining adequate level of High Quality Liquid Assets (HQLAs) for LCR purpose. Our HQLA portfolio comprises of Cash, Unrestricted balances with Central Bank, Sovereign and BOM/GOM Bonds and Bills.

During the quarter ended September 2021, the consolidated quarterly average of monthly HQLAs stood at MUR 5,582.54 Mn against the consolidated quarterly average of monthly estimated net cash outflows of MUR 2,878.05 Mn, thus having LCR of 193.97% on consolidated basis against a current minimum regulatory requirement of 100%.

The main drivers of the net cash outflows are those associated with the bank deposit portfolios, borrowing from other financial institutions and cash inflows are mainly from loan repayments/maturities and from interbank lending to financial institutions. On a quarter basis, though the LCR ratio increased marginaly from 191.31% in June 2021 to 193.97% in September 2021, it stayed comfortably well above the minimum regulatory requirement.
